

Office of the Mayor

Proclamation

Jacobs-Abbey Global Institute For Leadership Studies

Whereas, The Jacobs-Abbey Global Institute for Leadership Studies (Jagils) promotes strategic transformational thinking to realign thought patterns to alter the world. Registered as a Professional Leadership Institute, Civil Society Organization in Virginia with a mission to equip, develop, and train grassroots leaders. Presenting programming which helps leaders and students generate enduring change in their institutions. Laser-focused and personalized programs matching student and institution needs.

Whereas, annual flagship program called "Executive Strategic Leadership Masterclass (ESLM) Master Class" with the Academy of African Scholars for Social Change, Center for Peace Studies, International Commission of Diplomacy and Global Affairs, and Peace Society of Kenya has crossed continents across the globe all at once via zoom. As I personally witnessed during my delivery of the commencement address to ESLM Cohort III program. The graduating ESLM students excelled in leadership training throughout the 10-week leadership course, and I had the privilege of witnessing Jagils facility nurturing the growth and development of approximately 45 students from three continents. Jagils is a program for making ways and waves for Business leaders, Entrepreneurs, Diplomats, NGO's, CBOs, and Executives to grow their leadership abilities, connect with their personal talents, and strategically build diplomatic tactics to address global difficulties.

Whereas, the global state of democracy is under attack. The local municipality to the state houses, it is encumbering on all factions of society to build a TRANSPARENT AND IMPARTIALLY EQUITABLE SYSTEM WHERE THE VOICE AND RIGHTS OF THE CITIZENS ARE SERVED PRIORITY. That the heart and soul of the American dream will not be squandered and lost at the wills of the few but the spirit of the many. Jagils bring leaders across the globe together an opportunity to learn Transformational leadership skills, engage in activities that foster ethical behavior, build an inclusive community, demonstrate social responsibility, and inspire a commitment to excellence through learning.

Now Therefore, Be It Recognized that Jagils commemorates its 5th anniversary as a community treasurer and one which I as a Mayor in Prince George's County humbly endorses. The global presence of Jagils teaching is the backdrop to life, liberty, and the pursuit of happiness; words well-known and phrased from the United States Declaration of Independence which our US Constitution and citizens holds dear. Dearly regarded as three examples of the unalienable rights given to all humans by their Creator, and which governments are created to protect. Be it recognized and resolved, to forge and implement a new paradigm in the world the Jacobs-Abbey Global Institute for Leadership Studies is an inclusive organization with inclusive thinking at the core to get the job of #movingthemissionforward done.

Given under my hand and the seal of the City of Glenarden, Prince George's County, MD. this the 11th day of November Two-Thousand and Twenty-three

Cashema A. Cross
Mayor City of Glenarden
"Moving the Mission Forward"
